

deviflex™ DTIV-9

**Twin conductor
PVC and Halogen
free cable, appro-
ved for drinking
water, with screen
in readymade
lengths**

Tecnical data - in general:

Cable construction	Twin conductor
Cable shape	Oval
Diameter	5.5 x 7.5 mm
Pulling strength	250N
Deformation strength.....	2000N
Volt	230V
Conductor insulation.....	XLPE
Outer sheath.....	Polyethylene
Screen	16 x 0.30
Max water temperature	23°C

Features:

- **Approved for drinking water**
- **Frost protection inside water pipes**
- **Fits both 3/4" and 1" pipes**
- **Lead and PVC free**
- **Does not contain Halogen**
